EDUCATION

Bharati Vidyapeeth (Deemed to be University), College of engineering, Pune
Bachelor of Technology in Electronics and Telecommunication

8.4 CGPA
08/2020 – 06/2024

EXPERIENCE

QA Intern

04/2025 - Present

Smartworks

- Conducted smoke, sanity, regression, and mobile testing across multiple platforms, ensuring 99% defect-free releases and a seamless user experience.
- Authored 200+ test cases, enhancing test coverage and optimizing defect detection.
- Leveraged JIRA for bug tracking and defect management, streamlining issue resolution and reducing turnaround time by 30%.
- Started working with Selenium for automated testing, improving test execution speed and efficiency.

Test Engineer Intern

06/2024 – 11/2024

Gyl Digital Solution Private Limited

- Conducted smoke, sanity, regression, UAT, integration, system, and API testing to ensure comprehensive software quality.
- Managed bug tracking, project management, and task assignments using Jira for streamlined workflow..
- Leveraged Postman to perform API testing, validating functionality, performance, and reliability.
- Created and executed detailed test cases, ensuring full test coverage across all application features..
- Collaborated within an Agile framework, actively participating in daily stand-ups, sprint planning, reviews, and retrospectives.
- Worked with cross-functional teams on the development and maintenance of an e-learning platform, ensuring high-quality product delivery.
- Identified, reported, and tracked critical defects, contributing to improved software quality and user experience.

PROJECTS

WorkCtrl App — Mobile Application

04/2025 - Present

- Led end-to-end testing for the WorkCtrl app, ensuring 99% defect-free releases by conducting smoke, sanity, and regression tests.
- Developed and executed 100+ test cases, increasing test coverage and improving bug detection rates by 30%.
- Used JIRA for tracking issues, streamlining defect resolution and reducing turnaround time by 25%.

SW Tickets — Mobile & Web Application

04/2025 - Present

- Managed cross-platform testing for SW Tickets, ensuring a seamless user experience across mobile and web.
- Created and executed 100+ test cases, identifying and resolving critical defects before deployment.
- Improved defect tracking efficiency using JIRA, reducing ticket resolution time by 35%.
- Conducted mobile compatibility testing, ensuring optimal performance across different devices and operating systems.
- Implemented Selenium automation, accelerating test execution speed by 20%.

E-Learning Platform

06/2024 – 11/2024

- Executed smoke, sanity, regression, retesting, UAT, integration, system, and API testing to ensure software quality.
- Authored and executed detailed test cases for comprehensive test coverage.
- Leveraged Jira for bug tracking, task assignments, and project management.
- Validated APIs with Postman to ensure their functionality and reliability.
- Participated in agile ceremonies (stand-ups, sprint planning, reviews, retrospectives) and collaborated with cross-functional teams.
- Identified and reported critical defects, contributing to the overall enhancement of the software quality.
- Played a key role in the development and maintenance of the e-learning platform, ensuring high-quality deliverables.

TECHNICAL SKILLS

- Programming Languages: Java 8, JavaScript
- Testing Frameworks: Selenium 4
- Development: HTML, CSS, React.js, MySQL, Java with Spring Boot,
- Testing: Smoke Testing, Sanity Testing, Regression Testing, Retesting, User Acceptance Testing (UAT), Integration Testing, System Testing, API Testing
- Tools: Jira, Postman, Git, GitHub
- Methodologies: Agile Methodology, Agile Ceremonies (Daily Stand-Ups, Sprint Planning, Sprint Reviews, Retrospectives)
